Trailing Suction Hopper Dredger

Hopper capacity	6,000 m ³
Deadweight	9,880 t
Length o.a.	111.7 m
Breadth	24.6 m
Draught loaded	7.2 m
Maximum dredging depth	35 m
Suction pipe diameter	1,000 mm
Pump power (trailing)	1,500 kW
Pump power (discharging)	4,000 kW
Propulsion power	2 x 2,150 kW
Total installed diesel power	7,700 kW
Speed	12.5 kn
Accommodation	16
Built in	2019

ULE⁺
ULTRA-LOW EMISSION

With our Ultra-Low Emission vessels, we go for a green and sustainable approach: new vessels are fitted with a state-of-the-art filter system that processes exhaust gases and prevents nanoparticle emissions. Our Ultra-Low Emission vessels can be recognized by their blue funnel.
